**BRIGGS RANCHES - TRAYLOR DIVISION**  
**(361) 897-1337 Bloomington or (361) 573-7141 Victoria**

From Victoria -Off Loop 175 take Hwy. 185 South to Bloomington. Then approximately 1.3 miles South of Bloomington, turn right on Traylor Rd., enter main gate on paved road, travel approximately one mile West to Ranch Headquarters. Look for the signs.

WHERE THERE ARE NO SHORT CUTS

Dear Friends,

It is a privilege to welcome you to the 31st Annual Tri Star Sale. All of the cattle in this sale have been screened and conditioned so that only the best are presented to you.

Once again, we will have a Santa Gertrudis Bull Sale and a Select Star 5 Commercial Female Sale on Friday 24<sup>th</sup>, 2008 at 11:00 a.m. At this time we have 65 bulls that have met the criteria to be in this sale. Also, there will be 175 or more commercial bred females. All of these cattle have been screened and should make an exceptionally good group.

Briggs Ranches will offer in the Tri Star Sale a group of pairs with calves ready to wean. Several of these have bull calves at side that are very good. Also, a group of first calf heifers with baby calves at side. These will make some really great cows.

It is a pleasure to sponsor this sale and we appreciate everyone for joining us. If we may be of assistance to you please let me know.

Joe Jones

## The Cowboy and the Businessman

A cowboy was herding his cattle in a remote pasture when suddenly a brand new BMW advanced out of a dust cloud towards him. The driver, a young man in a Brioni suit, Gucci shoes, Rolex watch, Ray Ban sunglasses and YSL tie leans out of the window and asks the cowboy, "If I tell you exactly how many cows and calves you have in your herd will you give me a calf?"

The cowboy looks at the man, obviously a yuppie, then looks at his peaceful grazing herd and say, answers, "Sure why not?"

The yuppie parks his car, whips out his Dell notebook computer, connects it to his AT&T cell phone, surfs to a NASA page on the Internet, where he calls up a GPS satellite navigation system to get an exact fix on his location, which he then feeds to another NASA satellite that scans the area in an ultra high resolution photo. The young man then opens the digital photo in Adobe Photoshop and exports it to an image processing facility in Hamburg, Germany. Within seconds, he receives an email on his Palm Plot that the image has been processed and the data stored. He then accesses and MS-SQL database through and ODBC, and works his date through a complex formula in an Excel spreadsheet. He uploads all of this data via an email on his Blackberry and after a few minutes, receives a response. Finally, he prints out a full-color, 150 page report on his miniaturized HP LaserJet printer. He studies the report, then turns to the cowboy and says, "You have exactly 1586 cows and calves.

"That's right. Well, I guess you can take one of my calves," says the cowboy. He watches the young man select an animal and shakes his head as the yuppie struggles to stuff it into the truck of his car.

Then the cowboy says to the young man, "Hey, if I can tell you exactly what your business is, will you give me back my critter?"

The young man thinks about it for a second and then says, "Okay, why not."

"You're a consultant," says the cowboy.

"Wow! That's correct," says the yuppie, "but how did you guess that?"

"No guessing required," answered the cowboy. "You showed up here even though nobody called you. You want to get paid for an answer I already knew; to a question I never asked; and you don't know anything about my business. Now, give me back my dog."
